** SCDO Version 2.0.0 Bluefin Release Announcement**

We are excited to announce the release of SCDO Version 2.0.0 Bluefin, now available for download. This release brings a range of new features, performance improvements and important bug fixes to enhance the features and stability of the SCDO blockchain network.

Key Features of 2.0.0:
SCDO PoW consensus algorithm source code implemented in CUDA version 12+ is released.

We encourage all users to upgrade to version 2.0.0 for the best experience with SCDO. As always, we appreciate your feed back and support.

Thank you for being a part of the SCDO community!

Best regards,
The SCDO Team
